Public Transport

Bus, Underground, Urban Train and Tram

Metrebus, Rome's public transport system, integrates a variety of different transport services: underground/tube (metro), urban trains (treno metropolitano), buses and trams. Metrebus tickets are available for journeys on all such means of transport. There are several different types of tickets.

BIT

Integrated Time Ticket: costs 1.50 euros and lasts 100 minutes from the initial validation. Only 1 metro or train journey is permitted. You can buy it at: ticket offices, newsagents, tobacconists and automatic machines in stations. You should not board on the bus without a ticket. Please remember that you must always validate your ticket at the beginning of your journey and when transferring onto the metro (your ticket must be re-stamped within 100 minutes from the first validation stamp and is then valid until the end of your journey on the metro). It is only valid for one metro journey, but you can take more than one bus. You must keep your ticket with you while travelling on public transport and be ready to show it, on request, to ticket inspectors.

DAILY PASS

Costs 6 euros and is valid until midnight (12.00pm) of the day of its validation and for an unrestricted number of journeys.
